The Greek name of the owner of this house is Angel, and does this house look like something that an angel would reside in?!(It is truly as if you come to an angels place and like you are on a cloud somewhere in heaven.) Everything this house has is sweet. There has been hardly any compromise made to restore this house in the old colorful village style of Koskinou. Once you step into this domicile you feel relaxed at once. The sala (living room) has two high built bankas that both contain double beds. There is a sitting area with beautiful antique couches and a likewise dining area. The decoration of the kitchen, and even the bathroom are very picturesque. A separate romantic bedroom contains another double bed, and a parking place is just right outside the door, so you are not faced with any parking problems. The house is located in the old village of Koskinou and the balcony of the house gives a spectacular valley view that invites you to spend long hours outside to chat, wine and dine. In the courtyard there is another outside shower, so that one can be refreshed outside on a hot day.
